JUL'S

About Jul's

ST JAMES'S | WATERLOO PLACE

Jul's occupies a landmark address at 11 Waterloo Place, bringing new life to one of St James's most distinguished rooms. Historic architecture, generous proportions and preserved period details sit alongside contemporary interiors, creating a venue with depth, warmth and presence.

Across three distinctive levels, Jul's offers elegant settings for private dining, celebrations and exclusive hire. Each space carries its own identity, united by generous Mediterranean hospitality, thoughtful service and an atmosphere made for occasions that unfold naturally.

Gastronomy is the art of using food to create happiness.

THEODORE ZELDIN

We cook with instinct, clarity and a sense of generosity. The menu honours Mediterranean roots while staying expressive, modern and full of character.

Dining at Jul's is built around more than the plate. It is about rhythm, attention and the small details that turn a meal into a memory.

Our cellar follows the same philosophy, bringing together traditional, natural and biodynamic selections chosen with care by our sommeliers.

The Space

Ground Floor

75 SEATED | 100+ STANDING

A dramatic introduction to Jul's, the Ground Floor combines historic architecture with contemporary design. Towering ceilings, a two-storey wine library, bespoke marble tables and handcrafted finishes create a setting of understated luxury.

The room adapts beautifully for private dinners, corporate receptions and exclusive celebrations, with the scale and atmosphere to carry an event from day into night.

Mezzanine

PRIVATE DINING ABOVE THE ROOM

Overlooking the restaurant below, the Mezzanine offers a more intimate setting for private dining and exclusive gatherings. Framed by Jul's architectural details and warm contemporary interiors, the space brings privacy and connection together.

Perfect for celebratory dinners, executive entertaining and bespoke events, it delivers polish, comfort and quiet drama.

Bar Eleven

PRIVATE PARTIES | COCKTAIL RECEPTIONS

Beneath the restaurant, Bar Eleven is Jul's hidden after-hours space: intimate, low-lit and made for evenings that move naturally from dinner into celebration.

An in-house drinks laboratory drives the menu, with ferments, distillates and kitchen-led ingredients creating cocktails with depth and character. It is ideal for private parties, brand launches and bespoke cocktail receptions.

VEN

Sensory Sips

FERMENTATION | DISTILLATION | PRECISION

Our drinks programme is built around craft, curiosity and precision. Fermentation, distillation and in-house preparation allow every cocktail to carry its own structure, texture and story.

The result is a menu that feels refined but alive: familiar enough to be welcoming, inventive enough to be remembered.
